15 May 1984

NOTE FOR

:

25X1

Deputy Chief, Analytic Methodology  
Research Division/ORD

FROM:

Executive Assistant to the DDCI

25X1

I mentioned our conversation about your concerns on losing university researchers because of John's views on not using unwitting subjects. He is not dissuaded from his position. As long as he is DDCI, he will not approve any research on unwitting human subjects.

25X1

cc: Executive Director  
DDA  
DDS&T
